Total control over your finances 24/7

At Clydesdale Bank International, we understand how important it is for you to stay in touch – and in control – with your offshore finances. After all, different time zones mean that working days across the globe may only share a few hours at best.

Our convenient Internet Banking service offers you secure access to your Clydesdale Bank International accounts whenever and wherever it suits you. And all at the touch of a button.

It means greater control over your finances – and your free time.

Safe and secure banking at your fingertips

With Internet Banking, you can manage your accounts online from your laptop/PC, in order to:

- check your balance – view the balances of all your Clydesdale Bank International accounts
- view your account transaction history with the option of listing by size, transaction type etc
- monitor your accounts at a glance with consolidated statements
- transfer funds from your onshore accounts*
- make payments to your nominated bank account
- pay bills*
- set up, amend or cancel standing orders and view your Direct Debits*
- export transaction details – copy your transaction details into other software packages e.g. MS Money
- revise your security settings – benefit from our secure login procedure, protected email and the option to amend your password and security questions.

* Applies to Sterling Current Accounts only.

An easy way to stay in control

Along with enabling you to carry out many types of banking transactions at home or in the office, Internet Banking provides you with a simple way to keep track of all your account transactions. Every account transaction will be consolidated into one, easy-to-read statement. It means you always know where you stand – so you're always in control.

Added peace of mind for you

The registration process couldn't be easier. After filling out the simple application form and sending it to us together with your verification of identity documentation, you will be sent your user name and 'one time' password under separate cover.

When you first log in, you will be asked to change your password for added protection. You'll then have the opportunity to personalise your account by selecting and saving your own security questions. Simply type in these details and you're ready to go!
